

*Strategic control, education, and communication
fighting saltcedar on Montana waterways.*

**Montana Saltcedar Team Meeting
February 9, 2015
11:00 AM to 3:00 PM
Garfield County Public Library, Jordan, MT**

Agenda

11:00 Welcome and Introductions

Intro to Matt Schmidt, Big Sky Watershed Corps Member

- a. Goals for Matt's term

Saltcedar Infestation Map

- a. Who has existing data?
- b. Steps to get information to Matt
- c. Details of map projection and attributes

12:30 Lunch – Bring your lunch, or sandwiches available to order for \$7.00

1:00 Planned Treatment update for 2015

- Partners provide brief update on planned treatment and survey efforts for 2015. Specific locations appreciated when possible for potential collaboration across landownerships.

1:30 Educational Events plan for 2015

- Identify counties/CDs/partners interested in educational events in 2015
- Opportunities for funding and combining events for MSU support

2:00 Continue mapping discussion

- Partners meet with Matt for mapping consultation. Bring your data in whatever format and Matt will begin adding to our GIS database.

3:00 Meeting concludes
